

Support Plan Product Numbers

Product Numbers

Nagios Enterprises currently offers two annual support plans for Nagios. Customers can choose from Basic and Standard support packages as their needs require.

Support plan products numbers vary based on the type of plan purchased, the number of Nagios servers associated with the plan, and the length of the support plan contract.

See our **Support Plan Factsheet** for more information on the features associated with each type of support plan.

Product Number	Plan Type	Number of Nagios Servers	Contract Length	Product Price (USD)
